

Subject: Recommendation for Zaccarie Kanit

As Marion Barrau-Joyeaux, his line manager and manager of the VISION team, and Luca Vicentini the Chief Operations Officer (COO) of SIMULANDS, we warmly recommend Zaccarie Kanit for the position of intern.

Having had the privilege of working closely with Zaccarie at SIMULANDS, we can confidently attest to his exceptional skills, dedication, and contributions to our medtech startup. His implementation of tracking and segmentation of surgical tools based on computer vision and machine learning technologies enhanced the capabilities of our physical simulator. In addition, Zaccarie's expertise in optimization and low latency programming in C++ has been central in reaching real time capabilities. His ability to navigate complex coding challenges with ease reflects not only his mastery of programming languages but also his commitment to delivering high-quality solutions.

In addition to technical skills, Zaccarie's collaborative approach makes him a standout team player. He has consistently demonstrated the ability to work seamlessly with cross-functional teams, fostering a collaborative and innovative environment. Zaccarie has a keen instinct for identifying opportunities for improvement and isn't shy about proposing and implementing new ideas. His curiosity in the broader implications of our work on medical education and surgical training stresses his commitment to the mission and vision of SIMULANDS. In a dynamic startup environment like ours, adaptability and enthusiasm are crucial attributes. Zaccarie has consistently demonstrated these qualities. His ability to quickly grasp and contribute to the ever-evolving nature of our projects has been a tremendous asset.

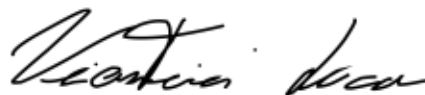

In conclusion, we strongly endorse Zaccarie Kanit. He brings a rare combination of technical acumen, collaborative spirit, and versatility to fit perfectly in various fields. We are confident that Zaccarie will make significant contributions to your organization and prove to be an strong asset to your team.

Should you have any further questions or require additional information, please feel free to contact either of us directly.

Sincerely,

Marion Barrau-Joyeaux
